

## PRIMARY MARK

## HORIZONTAL LOCKUP

## CLEAR SPACE

Keep clear space on every side equal to one quarter of the mark width. Do not let type, photos, rules, or page edges enter this area.

## CORE IDEA

An accurate Wisconsin silhouette becomes a simple landscape: open sky, connected green land, a narrow horizontal water corridor, and rooted foreground. Three birds add life without adding detail.

## PALETTE

|                                                                                     |                                                                                     |                                                                                     |                                                                                     |

| <b>Sky</b><br>#D9BE83                                                               | <b>Field</b><br>#789568                                                             | <b>Water</b><br>#4E8794                                                             | <b>Forest</b><br>#28563C                                                            |

## MINIMUM SIZE

Mark: 24 px digital / 0.35 in print. Horizontal lockup: 180 px digital / 1.75 in print. Below those sizes, use the mark alone.

## USE IT THIS WAY

- + Keep all four bands flat and horizontal.
- + Use the full-color mark on light neutrals.
- + Use the reverse lockup on dark green.
- + Preserve the original proportions.

## AVOID

- ✗ No gradients, textures, or photo fills.
- ✗ Do not recolor or reorder the bands.
- ✗ Do not rotate, stretch, crop, or outline.
- ✗ Do not place the mark in a pill or bubble.
